## Hello

Dear Parents/ Carers/ Guardians

It is with great pleasure that we announce that Great Kimble Church of England School has achieved the Standard Award accreditation from Parent-Friendly Schools.

This means your school's policies, procedures, and practices demonstrate a good standard of parent participation. To achieve this, your school was measured against 485 different criteria.

Parent-Friendly Schools is provided by Parentkind, the UK's largest parent charity. Parentkind is responsible for raising £120 million annually to support families across the UK.

The Parent-Friendly Schools accreditation is based on five years of research conducted in collaboration with the University of Christchurch. As well as completing the accreditation process, Great Kimble Church of England School is committed to membership of our community, which supports an ongoing journey of improvement.

We want to congratulate Great Kimble Church of England School on this impressive start to their collaboration with us. We can't wait to learn more about how you and the school can work together to improve your children's lives.

Yours sincerely

Yours faithfully,

Racheal Smith

Service Lead for Parent-Friendly Schools and Parenting Language
